

THE PLAN – PART VIII

We have been tracing the convoluted interconnectedness of power that shapes our world today. Starting this week we'll begin to work backwards to discover the origins and sources of that power. As we do so we will briefly enter the realm of the 'fantastic'. In the course of writing this series I've endeavored to stay with only the most credible of sources as we shed some light on the outworking of Satan's minions in this realm.

POWERS BEHIND POWERS

“For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms.” (Eph. 6:12)

In the course of the last several weeks we've begun to lift the veil that is tying the controlling forces of our world together. But there is more to this than meets the eye. To the casual observer, this may seem like just the natural tendency of the rich to chum up together and make decisions based on common interests. It is much more than that. These great powers; - the powerful families, the multi-national corporations, the large banking houses, and their fellow travelers in the globalist movement, are connected on a more intimate level than that of common business interests. And that connection can be traced back at least several centuries. You'll recall that banks controlled by the Rothschild family gave many of the American and British moneyed aristocracy their start or aided them in advancing their fortunes. The House of Rothschild was founded in 1776, the same year that Adam Weishaupt announced his Order of Perfectibilis, later known as the Bavarian Illuminati. The five man inner council of this organization included the Jesuit-educated Weishaupt himself, the Marquis de Sade, and one Francis Dashwood of something called the *Satanic Hell Fire Club*. (Catchy little name, that!) It also included the scion of the founder of the Rothschild empire, Mayer Amschel Rothschild.^{1 2}

Now while the existence of a modern day Illuminati may be a subject of controversy, the Bavarian Illuminati was a very real threat to the governments of its day. The group had branches throughout Europe before finally being smashed by the Bavarian police. By 1790 the Bavarian Illuminati was pretty much dead though successor groups took on the title of Illuminati; - including Satanist Aleister Crowley's Order Templi Orientis in England, and the Grand Lodge Rockefeller, in the US.^{3 4} A quick look at Crowley's OTO will go a long way toward revealing the nature of the beast. Readers of my series, *Gimme Dat End Times Religion*, may remember that it was Crowley, through his satanic magick experiment, Babalon Working, who tried to call forth the Antichrist. Now this Templi Orientis, - a sort of new order of Masonic lodge, - in the words of one apologist, - “represents a surfacing and confluence of the divergent streams of esoteric wisdom and knowledge which were originally divided and driven underground by political and religious intolerance during the dark ages. It draws from the traditions of the Freemasonic, Rosicrucian and Illuminist movements of the 18th and 19th centuries, the crusading Knights Templars of the middle ages and early Christian Gnosticism and the Pagan Mystery Schools”. In other words this is pure paganism; unadulterated Satanism, of the first degree. Carl Kellner, its spiritual father, was an adept in Freemasonry, Rosicrucianism, Eastern Mysticism and Hinduism. Theosophy, with its direct contact with demonic presences, is another critical influence.⁵

The Palestine Connection

So what's the connection? Well follow this. One generation after the founding of Meyer Rothschild's merchant bank, it had become an Empire with his sons holding branches in Austria, Prussia, England, France

and Italy. At the same time they were becoming bankers to the world, the Rothschilds were becoming “well established in Freemasonry”.⁶ Interestingly, again at about the same time, the Rothschild’s began supporting the cause of reestablishing a Jewish presence in the Holy Land. Edmund Rothschild became President of the *Jewish Colonization Association* in 1809. And beginning in 1836, the Rothschilds, began purchasing land in Palestine. One proponent explained that the “salvation promised by the prophets of old could come only...by self help form the Jews”. Tensions in the Holy Land during the 1840’s laid the groundwork for the Jewish return in force, as Rothschild employees began to migrate there to handle the family’s business.⁷ Then in 1843, a curious marriage with the Scottish Rite of Freemasonry produced *The Independent Order of B’nai B’rith*.⁸ B’nai B’rith, you may recall was the leading Jewish organization that spoke up for Hitler as he targeted German Jews, calling upon the US to avoid protests against the German dictator, during his rise to power. Another ‘family controlled’ organization, the American Jewish Committee, opposed the proposed trade boycott of Nazi Germany. Not coincidentally it seems, Hitler responded by allowing B’nai B’rith to continue to operate throughout the decade, long after he had closed down every other Jewish organization in the country.⁹

And what’s it all about this common interest between this leading Jewish financial family and the mystical forces of Freemasonry? While we’ll address it later in depth, at least this much bares saying now: Freemasonry, at its most mysterious and highest levels is all about the rebuilding of the Temple in Jerusalem. The *Cutting Edge’s* David Bay, calls it “The driving force behind the events of the Mid-East today”.¹⁰ The revealing *Encyclopedia of Freemasonry*, tells us that “as the great object of Masonry is the search after truth, they are directed to build up this temple as fitting receptacle for truth”.¹¹ We’ll see later that Masonry is indeed a religion and that it has as its object the ascendance of the New Age Christ who will rule from a rebuilt Temple in Jerusalem.

So we witness a historical convergence of interests. While the Freemasons seek to control Jerusalem for religious and mystical reasons; the Rothschilds and their cohorts, - the other merchant banking houses of the world, (some of which are Jewish, ie the Warburgs), - along with their moneyed allies are seeking it as a means to financial empire too. Add to that the fact that it benefits the exiled Jewish communities around the world and you have the basis for the Zionist movement. Yet never forget that all of this is serving God’s interest in reestablishing His people in the land. The writings of the Prophet Ezekiel clearly prophesy that in the Last Days, the Jews will be re-gathered in Israel, - coming back in a state of unbelief, only later to come to the full knowledge of the Messiah. **“Therefore say to the house of Israel, ‘This is what the Sovereign LORD says: It is not for your sake, O house of Israel, that I am going to do these things, but for the sake of my holy name, which you have profaned among the nations where you have gone’...For I will take you out of the nations; I will gather you from all the countries and bring you back into your own land”** (Ezekiel 36:22, 24) In Ezekiel 37, God, (who has been comparing Israel to a valley of dry bones, a people spiritually dead and without hope), gives the order of the events of that day. **“This is what the Sovereign LORD says: O my people, I am going to open your graves and bring you up from them; I will bring you back to the land of Israel. Then you, my people, will know that I am the LORD, when I open your graves and bring you up from them. I will put my Spirit in you and you will live, and I will settle you in your own land. Then you will know that I the LORD have spoken, and I have done it, declares the LORD.”** (Ezekiel 37:12-14) So there’s that order of events: God opens the graves, God brings them back, the people realize that He is Lord, God puts His Spirit in them, then God gets the glory! God works all things together to establish His purposes.

So even the evil satanic plans of powers and principalities, of both flesh and spirit are harnessed to accomplish God's ultimate ends. Through the history of those days the influence of evil continued. In 1865, the marriage between masonry and what was becoming known as Zionist interests produced, under the aegis of England's Queen Victoria, - the Palestine Exploration Fund and a plan to rebuild Solomon's Temple. Oxford, Cambridge, even the Anglican Church supported the plan, sponsored as it was by the influential members of the Masonic *Grand Lodge of England*. Just three years later the first Masonic lodge was founded in the Holy Land, in the Old City of Jerusalem.¹² In 1881, - at least according to its sponsors, - the Zionist movement was joined by the Masonic New Age of Michael. As the Rothschild sponsored Zionist movement began drawing Jewish immigrants to Palestine, the Masons declared it to be what could later be seen as a New Age event. "The angel Michael was dedicated to the expansion of human consciousness...the New Age of the Sun, [during which] ...the Jews would return to their homeland".¹³

Now the influence and that of the banking families continued. 1897 saw the convening of the First Zionist Conference under Dr Theodore Herzl. Over time though, the Rothschild family managed to wrest control of official Zionism from Herzl. A couple of years later, the banking families were providing financing for the emigration to the Holy Land under the Jewish National Fund. But not all Jews were happy with those arrangements. The influential Lubavitcher Rabbi Shulem Schneerson rejected the premise of the entire Zionist movement, describing it as "evil" and saying that it had made "nationalism a substitute for Torah and commandments".^{14 15} Some of the more conservative members of the Jewish community were recognizing the agenda behind the co-opted Zionist movement. Its important to note that even the seminal Balfour Declaration originated as a letter to Lord Walter Rothschild, the recognized head of Zionism during WWI. That declaration, - issued in 1917, - set the stage for the establishment of the modern state of Israel which came into being in 1948. An official statement of British foreign policy, it read in part: "His Majesty's Government view with favor the establishment in Palestine of a national home for the Jewish people, and will use their best endeavors to facilitate the achievement of this object".¹⁶ Now even the language of this document had a deeper Illuminist connection, having come from a draft by Lord Milner. Milner, you may recall, was an integral member of Cecil Rhode's Round Table, (which had determined to 'rule the world'), and the principal force behind the founding of the Royal Institute of International Affairs.¹⁷ During the course of the war the British also promised to aid in the creation of Arab states in the region. After the war confusion reigned, with Arab leaders believing that they too had been promised Palestine. The British said this was a pure misunderstanding on the part of the Arabs, denying that they had ever made such a promise.¹⁸ This of course only fueled the simmering tensions with which the world deals with even today.

Now we know that the modern State of Israel is a direct descendant of the Zionism of the 19th century, - financially supported to a great degree by the Rothschilds. We know that the Rothschilds were hip-deep in Freemasonry. We know that both observant Jews and Masons are looking for the rebuilding of the Temple in Jerusalem. We've seen the cooperation between world governments in the creation of Israel and we've traced the influence that certain globalist organizations had in influencing the policies of those governments; - especially Great Britain and the US. While it may be hard to unravel the entire mystery, it's become apparent that there is a curious interconnectedness between the banking families and the Masons and the families (such as the Rockefellers) that control the multi-national corporations, and the groups like the CFR and RIIA which control the State Department and the British Foreign Office, and drive the foreign policy of Washington and London. And the influence has not stopped there. The first Grand Lodge of Masonry was established in Israel in 1953. In 1966 the Masons performed a "ceremony of Consecration" of the Supreme Council for the State of Israel. By 2002, it was reported that there were 70 Masonic lodges operating in Israel.¹⁹

The influence continues. And finally there is this. In 2003 Jerry Golden revealed in detail how the new Israeli Supreme Court Building was “designed and paid for by the Rothschilds” and incorporates the symbology of “Freemasonry and the Illuminati” into it’s structure.²⁰ And that’s where we’ll pick it up next time.

ISRAEL: UNFAIR TO TERRORISTS !

The terrorists are mad! And why shouldn’t they be? The Israeli government has proven by their actions that they are grossly unfair to terrorists. As one example, it is widely believed that the Israeli intelligence agency Mossad was behind the assassination of Hezbollah terror hero Imad Mughniyeh. Why should he be singled out for ‘accelerated extinction’? After all, he was only doing his job. And according to Israeli Prime Minister Olmert, that job has been to kill hundreds of Israelis, - civilian and military, - throughout the world, - over the last dozen years or so. Mughniyeh was currently employed assisting in the rearming of Hezbollah with Iranian rockets and powwowing with the Syrians regarding another attack against Israel. According to reports in the Jerusalem Post, the terrorist operative was taken out when Mossad agents replaced the headrest in his car with one filled with explosives.²¹ What’s an innocent terrorist to do, these days?

Reaction to the killing in Arab circles was swift. Reports surfaced that Hezbollah rushed 50,000 fighters to the Lebanese border with Israel, while at the same time evacuating several headquarters facilities that may have been pre-targeted by the IDF. Israeli military officials don’t believe however that Hezbollah actually has 50,000 soldiers. Still they are taking the threats seriously. Jerusalem has raised the alert levels for its land, air and sea forces and the American officials in the area too have been ordered to step up their vigilance, in expectation of a retaliatory attack.²² And well they should. One Lebanese newspaper with connections to Hezbollah has warned that an attack is indeed coming. Both Syria and Iran are expecting to face the IDF in a significant military confrontation.²³ Even the commander of Iran’s elite Revolutionary Guards predicted the imminent “elimination of the cancerous germ of Israel by the mighty forces of Hezbollah”.²⁴ Meanwhile the drive toward an empty and meaningless false peace goes on with Fatah chief Abbas. With Fatah fighters launching rocket attacks at Israel side by side with Hamas terrorists from the Gaza, Abbas and Olmert are meeting for another round of talks in the current peace process.²⁵ Rumors abound that they’ve already reached a ‘secret agreement’ for the division of Jerusalem.²⁶

JUST ONE LITTLE PIECE IN THE PUZZLE

You may remember reading here about the Illuminati plan to bring the Antichrist to power that was revealed in Peter Lemesurier’s 1980’s bestseller *The Armageddon Script*. An integral part of that plan was to foment a World War that would occupy the US on three fronts: The Middle East during the next round of the Arab / Israeli conflict, a nuclear confrontation on the Korean Peninsula, - and finally, with those two going, an attack by China on Taiwan. Interesting it is then that this week’s news carries a story about the plans that the Chinese military has to do just that. According to the RAND Corporation, an American think-tank, the Chinese are preparing to strike at the vulnerable American information systems to paralyze the US response. This would be an attack using “tactical surprise” to confuse US forces in the region. The Chinese military has indicated that they would “blockade critical sea-lanes...and strike American logistics facilities, command-and-control centers” as well as the now blinded US airfields and naval forces in the region. Citing the quick retreat from Somalia, the Chinese believe that the American commitment is soft, with “limited capacity to withstand personnel casualties”. Just another piece falling into place!²⁷
