

MAKING CONNECTIONS

It wasn't long ago that this newsletter noted the very accurate track record of futurist Gerald Celente and his predictions for the near future. Recall, that about a year before it occurred, he correctly forecast the nature, scope and timing of the current economic panic. We wrote how he now believes that beginning in 2009 and progressing over the next several years, America will face an ever deepening crisis starting with what he is calling "the collapse of 2009". According to Celente the US will continue its slide through 'food shortages, rebellions, tax revolts and job marches', into a near-revolutionary state.¹ It goes without saying that our government is of course aware of the precariousness of our position and the social dangers posed. So is it any wonder, - as again we noted before, - that the Pentagon has taken a combat hardened brigade and essentially assigned them to Homeland Security?

A bipartisan panel has just released a report that the United States can expect a terror attack utilizing nuclear or biological weapons to occur sometime before 2013. The commission concludes that the weaponization of "deadly pathogens" and their "dissemination through aerosol form" is the more likely danger for which we must prepare.² And now there's this. Fear mongering? Perhaps! But it opens the door to further steps. With this perceived increase in danger from terror operations and a worsening economic situation feeding domestic dissatisfaction, Washington has now revealed that they want to have about 20,000 uniform personnel inside the United States proper within a couple of years. These are to be rapid-reaction forces set to deal with emergency situations on short notice.³

Now let's factor something else in here. Over the last several administrations, American presidents have been steadily expanding the scope of Federal power in emergencies. The Clinton Administration famously set the precedent of having the Pentagon provide military like equipment to police forces, turning domestic law enforcement toward a profile that could be described as akin to paramilitary units. Then in October of 2006, President Bush signed a congressional bill that would allow "Use of the Armed Forces in Major Public Emergencies". This effectively suspended the *Posse Comitatus Act of 1878*, which explicitly prohibited the use of American armed forces against American citizens inside the US.⁴ Then in February of 2008 the American and Canadian militaries quietly signed a Civil Assistance Plan that would allow the militaries of the two nations to assist the other with troops in the event of emergencies that include not only natural events, but also "civil riots or terrorist attacks".⁵

Now to tell the truth, all of these actions can seem quite reasonable on the surface, as they but seek the "**Peace and safety**", described in 1Thessalonians 5:3. That is the intent of those that seek a New World Order. The plan they have is designed for implementation not only in this country, or the Gentile world, but more especially in the Holy Land, where they intend to install their New Age Messiah. They have plans to foment unrest in that area, (as well as the world at large), to drive the world to accept their One-World political solution that centers on the unification and international control of Jerusalem. Bill Lambert of the occultic Theosophical Society explained, "The impetus toward this type of settlement is made possible only because of a general fear of war. This fear of war must be maintained until the desired political and religious changes have been instituted".⁶ In their revelatory 1981 book, *The Armageddon Script*, by Peter Lemesurier, the plan is further fleshed out. It is a plan that utilizes the faux fulfillment of Scripture to advance their cause. (It's always been a wonder to me both how they revealed their plans so openly and how so much of the world remains blind to it, even as the details are being fulfilled.) It even comes down to a re-staging of the events of the first Palm Sunday, entering Jerusalem on the colt of a donkey to fulfill ancient prophecies. Referring to their man-made, New Age Messiah (Antichrist), here are the words of author

Lemesurier. This “New David will have simply to be acclaimed as such as he enters the Haram es-Sharif by the Golden Gate ... long centuries of Jewish tradition maintain that the future Messiah will, indeed, enter Jerusalem via this very gate ... True, he must duly be enthroned and anointed with oil ... amid the rubble of the Dome of the Rock, close to the site of the former Holy of Holies”.⁷

Thus we view the preparations for what they hope will be a new era Middle East diplomacy focused on garnering new concessions from the Israelis to the Palestinians as the world works in concert to set up a terrorist Palestinian state that they say will bring peace to the region. Back in November, but after the election, according to the Times of London, President elect Obama signaled that he favored a return by Israel to the pre-'67 borders. That would mean the return of the Golan Heights to Syria and the establishment of a Palestinian State with East Jerusalem as its capital. The Israelis would get recognition in return.⁸ So the Jews would give up land, making themselves vulnerable to Arab attack and the Arabs would promise to be nice. Such a deal! It took only a few hours for Arab terrorists to start lobbing rockets from their new positions when the Israelis withdrew from Gaza. This is not a good deal. Yet according to reports of the secret meeting, Obama said the Israelis would be “crazy” to walk away from a deal that would “give them peace with the Arab world”. Yet a week later, Obama’s advisors were denying that that was the coming President’s position.⁹ Still, if the new administration is somewhat sanguine, the EU is more open about floating their preferences. As reported in Israel’s Haaretz, the EU is pushing an Israeli- Palestinian deal for 2009 that would begin by having Israel dismantle its settlements in Judea and Samaria, and open Palestinian institutions in Jerusalem like Orient House, the Palestinian Authority headquarters. The EU believes that the status of Jerusalem is the key to a settlement. They are prepared to train Palestinian security forces to prepare them for the transition to statehood.¹⁰ (*Good! That’s what we need; - better trained terrorists.*)

Former British Prime Minister and current Quartet Middle East Envoy Tony Blair told an Arabic newspaper that caretaker Israeli Prime Minister Olmert and PA Chairman Abbas have already reached a “secret but unsigned agreement”, that outlines the peace deal. That would serve as the starting point for the new Israeli government to begin negotiations. It is assumed that the secret agreement includes provisions on the status of Jerusalem and some settlement of the Right of Return, claimed by the millions of Arabs who claim descent from those that fled Israel during the 1948 War.¹¹ Those Arabs that left, did so on the advice of Arab leadership, who wanted a clear field of fire when attacking the fledgling Jewish state.

But the notion that Israel will have to turn over large areas to Palestinian control will not sit well with the Benjamin Netanyahu, who is likely to return as Israeli Prime Minister after the upcoming elections. Europe has long been a supporter of the Arab cause, especially so since Muslim populations have been growing there over the last several decades. Israel’s Mossad sees a “major inter-cultural clash in Europe” on the near horizon.¹² The traditional European populations have abandoned their cultural heritage becoming increasingly irreligious, pleasure-seeking, self-absorbed, and disinterested in their own heritage. The immigrant Muslims are, - in contrast, - united along religious, cultural and political lines. It multiplies their strength beyond their numbers, which are not insignificant. Russia for instance may be half-Muslim in just 40 years. Add to that the fact that Israel’s enemies continue to plot and scheme and arm themselves for the next clash. Both Moscow and Tehran, have offered for instance to sell tanks, artillery and other heavy weapons to Lebanon, whose government is now turning increasingly anti-Israeli, reflective of the now legitimized influence of Hezbollah. The Hezbollah terrorists meanwhile have already collected about 42,000 rockets and missiles aimed at Israel. A good number of these are capable of striking deep into Israel, having the ability even to hit the nuclear plant at Dimona.¹³ And the Iranians have just conducted major naval maneuvers involving 60 ships and the launch of new missiles¹⁴, - all on the heels of the recent announcement that they have produced enough enriched uranium to produce their first home-grown atomic weapon.

Yet while the nations gather for the fulfillment of Psalm 83, the war of an Arab Confederacy against God's Chosen, all the talk is of peace. The tension is maintained until the plan can be affected that will bring about the one world government. Now let's apply that. Henry Kissinger, the respected American statesman, Rockefeller man, member of the CFR, the Bildebergs etc gave us this quote which may go a long way to revealing the workings of the plan to bring about increased control and eventual world government. "Today, America would be outraged if UN troops entered Los Angeles to restore order. Tomorrow they will be grateful! This is especially true if they were told there were an outside threat from beyond, whether real or promulgated, that threatened our very existence. It is then that all peoples of the world will plead to deliver them from this evil...When presented with this scenario, individual rights will be willingly relinquished for the guarantee of their well-being granted to them by the world government"¹⁵ Just notice the bailouts, bringing increasing government control of banking and business and international economic oversight on the horizon. With each manipulation the power of the moneyed elites is being increased. Banks & car makers & states & cities and pension funds and on and on are lining up for government money; - money that is ultimately printed by the Fed, - further devaluing the dollar. To get their billions in welfare, they are willing to trade much in the way of control and in the process the American free-enterprise system. President-to-be Obama spelled it out for the chief executives of the Big Three automakers: Agree to toe the government line or be fired.¹⁶ Thus the plan moves forward!

Here are the words of the Apostle Paul in 2Thessalonians 2:9-12. **"The coming of the lawless one is according to the working of Satan, with all power, signs, and lying wonders, and with all unrighteous deception among those who perish, because they did not receive the love of the truth, that they might be saved. And for this reason God will send them strong delusion, that they should believe the lie, that they all may be condemned who did not believe the truth but had pleasure in unrighteousness."**

GOD'S GRAND RESTORATION

As we look at the chaotic progress of world events; - we see "the face of the sky and the earth" and so "discern this time" (Luke 12:56) in which we live; - the very edge of eternity. Yet we are a blessed generation; witnesses of God's final preparations for the End of the Age, and the return of the Christ. If we are believers, the end of history is in sight, with Christ's grand appearance to judge and rule the nations. The Kingdom Come! It is the completion of a cycle; a return to God's original purpose.

"Repent therefore and be converted, that your sins may be blotted out...that He may send Jesus Christ...whom heaven must receive until the times of the restoration of all things". (Acts 3:19-21)

Scripture seems to present it all as a system of interconnected wheels within wheels. There are the cycles of the Sabbath, and the year, and of Israel's feasts, and the Sabbatical years and the Jubilee year at which our inheritance is restored. The end always becoming the beginning! **"I am the Alpha and the Omega, the Beginning and the End', says the Lord"**. (Revelation 1:8)¹⁷ It's a restoration of God's original intent for creation. Now some of the key elements of this grand restoration is the reestablishment of the State of Israel in 1948, the return of the Jews to The Land, and the alignment of nations that are preparing to come against Jerusalem. These are the necessary pieces that allow God to complete His prophesied plan for the End of the Age. Let's look at some of the details.

- **God Regathers the Jews** – Both Daniel and Christ Himself prophesied the destruction and scattering of the Jewish nation to all the corners of the earth. That's exactly what happened after the destruction of Jerusalem by the Romans. Scripture also tells of Israel's return. **"I will take the Israelites out of the nations where they**

have gone. I will gather them from all around and bring them back into their own land.” (Ezekiel 37:21) Beginning in the 1890’s, God did just that with the onset of the Zionist movement. The population went from a tiny remnant at that time to over 6 million today.

- **Rebirth of a Nation** – Isaiah 66 foretold how Israel would be born in a single day, and only then suffer through its labor. On May 14th, 1948, Israel declared independence. The very next day a confederacy of Arab nations invaded the tiny state with overwhelming military superiority. Months later the war was over, the Arabs defeated, and Israel expanded. **“Who has heard such a thing?...Shall the earth be made to give birth in one day?”** (Isaiah 66:8) The Jewish nation was restored after over 18 centuries out of the land. Never before in history...
- **A Language Restored** – It was promised in Zephaniah 3:9; - God would restore a language for worship. God used a sickly scholar named Eliazar ben Yehuda to revive one of the deadest of dead languages.
- **Fertility / Rain Restored** – As predicted in Scripture and testified to by Mark Twain, the once fertile land had become barren, under “the spell of a curse that has withered its fields and fettered its energies”. Yet the Bible told us in many places that it would become fertile again. And so it has. By the 90’s Israel was supplying Europe with over 90% of its citrus fruit. Joel 2:23 comforted them that even the rains would return. And rainfall has increased at the rate of about 10% a decade since the Jews began coming back in the 1890’s.¹⁸

The restoration of Israel is a key piece of God’s plan. But we see evidence of others; - The rise of Iran (Persia), the ascendance of the EU (The New Rome), the alliance of the terror groups like Hamas & Hezbollah and nations like Syria which mirror the prophecy of Psalm 83. Perhaps the most telling sign of the age is the world’s preoccupation with Jerusalem. In God’s economy, that truly is the center of all things. God is putting the final touches on the canvass of history. Instead of living in fear we should be rejoicing that we have been chosen to live in the generation that will likely see His coming in the clouds. As believers we have truly been blessed. In the midst of economic & political turmoil, and terror run rampant we can look forward to a salvation from a God that loves us. **“For as He Himself has said, ‘I will never leave you nor forsake you.’”** (Hebrews 13:5) The fulfillment of God’s original purpose is on the near horizon. This creation that we are a part of was made by and for His Son. As Colossians 1:19-20 tells us, **“For it pleased the Father that in Him all the fullness should dwell, and by Him to reconcile all things on earth or things in heaven, having made peace through the blood of His cross”**. The cycle is nearly complete. The return of the King and the Restoration of All things is at hand.

YEAH, WE NEED HELP!

This ministry is embarking on several projects that we hope to unveil in the immediate future. We are in need of seed money to get a book project completed and sent to the printer. An old lap top and projector would be greatly appreciated. A website is being designed and needs money to complete and launch. That’s where you can come in. We need people to partner with us in getting the word out. If you can help us please make checks payable to My Father’s House and indicate it’s for Zew’s News Review & send to: **Zew’s News Review, My Father’s House // 140 Pound Rd // Elma, NY 14052**
Thank you for your contributions and thank you especially for your prayers. May God bless you.
